The Magic & Potential of YOU

A 2-Day Educo Seminar given by Dr. Tony Quinn

(Doctor of Clinical Hypnotherapy)

The Magic and Potential of You
2-DAY EDUCO SEMINAR AT RDS DUBLIN
Saturday 25th & Sunday 26th September

The Seminar

Are you interested in a better you, a better life, a better world, in living to your ultimate potential and exploring your capacity for love, relationship, happiness, popularity, in how to succeed at the business of living to the benefit of all, in using more of your mind and yourself?

Are you interested in being free to really express yourself, to be fully alive?

No one has ever yet been able to find a limit to human potential. You are an unlimited possibility.

Educo

The word 'educate' comes from the Latin word 'Educo' meaning to educate, to draw out from within, to call forth or to bring out what is dormant, hidden or unexpressed. True education is to learn about you and should be the means of drawing you out. To be educated is to be you, someone who is drawn out. True education is about finding ourselves, being ourselves, expressing ourselves and continually becoming more and more of that Self. In reality, in so many ways, we are not even born yet. That is what Educo is - a new approach to education and successful living for realising your full potential.

Educo points out that you are this incredible uniqueness and

potential and it doesn't matter where in life you are, you are only just beginning. The big magical trick of life is digging all of you out and discovering that wonderful you. The aim of the seminar is to enable you to do just this. When you really learn how to accept your Self a new world opens up to you.

The Perfect You

You are really running away from your Self. When you stop you discover that everything that you need you have inside. You contain the answer. You are the answer. So why do you keep moving, why do you keep searching? You are already there. All you really need is already in you. All you have to do to realise it

is to recognise it.

Learn the truth - that you are already perfect, the world is already perfect. We miss this perfection and we tamper with perfection and therein lies all of our problems. Make the all-important discovery that you already are your perfect Self. Learn how to really look at your Self and you will begin to see this. Then begin the process of allowing that Self to do its perfect work.

Discover that there is no effort involved in being you. It is the effort that stops you being you. When I look at you, or meet people, or look at an audience I see the gold mine of you - that from you can come the perfect life, the perfect world, so much perfection just waiting to be mined.
