

Many people each week document the success of our Postal Request System

Here are just a few of the testimonies which we have received from people who believe that our Postal Request System has been responsible for their incredible results.

LIFE CHANGING RESULTS

My partner Ed and I both put our families on the Postal Requests. My sister moved to England to start a new life. Within a couple of weeks of being on Postal Requests she got a job, then was promoted and then got an offer of another fantastic job which she is going to start in September. She has bought and moved into a new house and is very happy. Around the same time Ed's mother was taken into hospital with a suspected heart attack and within two days was told she would be needing a bypass operation and was kept in intensive care.

Within two weeks of being on the requests she was home - no operation necessary. Her whole lifestyle has also changed. She has given up cigarettes (after smoking for fifty years) within 6-8 weeks. Not bad for a lady in her sixties. In both cases there is a whole

change around in their lives. They are very happy and positive. Thanks Tony and team yet again as it's not the first time or the last time we've got great family and personal results on Postal Requests.

Money Recovered

I am writing this letter knowing that you will see how great the Postal Requests work. Recently a very large sum of money was lost on me and this money was my 'nest egg' for my future. As I have a very young family to think of this was very distressing. My therapist in Cork recommended I put the situation on Postal Requests. As soon as I handed

the letter over there was a calmness which came over me that actually stopped me from worrying. To my delight and amazement the next morning at 9.15 a.m. I was told that my money was recovered. Not only did I get my money back but the healing went into my family in the most wonderful way. In simple terms the Postal Requests was prayer done in

the very best of faith and because of that faith I got my money back, my family got a beautiful healing and as for me, well it has just strengthened my faith once again. I can genuinely recommend this system to anyone be it for a better life, successful career, peace of mind, help with sickness, to grow faith, exams, jobs, worries, fears or phobias.
*Sincerely,
Collette (Cork)*

OPERATION AVOIDED, HOUSE SOLD, & MORE

Dear Tony,
My son Ruairi was diagnosed as having an undescended testicle which would be rectified by surgery. The week prior to my appointment with the

specialist I sent a Postal Request in. On the day of the appointment the specialist examined Ruairi and told me he was perfect and surgery would not be necessary. Also, we were trying to sell a property for two years. After putting this on the request it was successfully sold three weeks later. One of my cats developed a large lump on her stomach and lost a considerable amount of weight. Within days of putting her on the request the lump disappeared and she returned to perfect health. I feel content and totally at peace with myself. The healing has helped my family and everyone I come into contact with. As a result I strongly recommend it to everyone. Thank you Tony for bringing light back into my life.

VIDEOS WORTH SEEING

We know you are amazed when you read some of the testimonials and maybe you feel they are too good to be true or are isolated cases. That's why we are now recording them on video. Some of the people, who through the formula/philosophy have achieved a richer life and/or overcome illness, have kindly consented to tell their story in the hope that it will help and encourage those who find themselves in similar situations. They truly make inspiring viewing. For times of showings call any of our centres. You will be most welcome.

Incredible Healing

Dear Tony and team,
Sorry for the delay in writing to you to acknowledge the great results I had regarding my husband Tom. I was waiting for the doctor to examine him and he was astonished at the results. He told me Tom should be dead long ago as he has very bad vascular trouble. He said that if a doctor saw his charts he would just leave him. He has no pulses in his legs or groin and could not

understand how the ulcers on his right foot cleared up or the gangrene on his left toe also cleared. He told me that I did wonderful work with him and that if ever he got sick he would like me to look after him. I feel it's all thanks to you Tony and your system. I have been using Postal Requests for years with some brilliant results. I have also learned so much from attending your seminars and attending your centre in Eccles Street.

Lung Problem Cleared

working on me my breathing had improved so much that I could walk the length of the corridor. My doctor cannot believe the improvement I've made. My lungs have gone back to their normal size. Today I'm back doing my everyday chores and life is only wonderful. I would strongly recommend the healing and Postal Requests to anyone needing help in any area of their lives, no matter how big or small it may be. Just hand over your request and forget about it, because the perfect result will come about. Many thanks to you Tony and your team.
