

Always tired? Need more energy?

Just try this product and you will quickly notice a difference. Here's why.

Your body, muscles, skin, hair etc. are all made from amino acids. These are the building blocks for what we know as protein. If some of the essential amino acids are in short supply your health may suffer. Even in the right amount they are often damaged through cooking. We have now introduced to Ireland the product, AMINO ENERGISE, that contains these amino acids. This is Tony Quinn's favourite product and it is giving our customers sensational results. Many of them report that they seem to feel stronger, firmer, have more energy and greater mental alertness and drive. As their

bodies become firmer many report a fat loss. This happens because when you increase your muscle tissue your energy increases and you burn off fat. Tony believes that they are vital for slimmers, bodybuilders, athletes and anyone who wants to feel and look their best. This hi-tech product is unique to us and made to what research shows is the ideal amino acid profile to balance the average diet. AMINO ENERGISE are pharmaceutical grade (highest quality available) free form amino acids. So much so that they require no digestion. They are the natural building blocks of the body in their purest form.

Amino Energise - The Supplement of Champions

Olympic Swimmer

Since I began to take Amino Energise I have had an increase in muscle mass and muscle tone as well as a decrease in body fat. Additionally I have had strength gains of approximately 20%. For example the weight that I lift on the leg press apparatus has increased from 320kg to 395kg over the past 3 months. I would recommend this product to anybody interested in improving in any leisure or sporting pursuit.

Note: Nick is an international competitive swimmer and represented Ireland at the most recent Olympics in Atlanta. He is currently in training for the World Swimming Championships in Australia.

Body-building success

I am just writing to thank you for your expert advice which helped me to get into the best shape of my life. I took your Amino Energise and found them to be the most effective supplement I have ever used. When taking them I become much firmer, stronger and I lost a lot of excess fat and fluid. I found they really helped sculpt my physique and I had tremendous energy and drive. I finished in 2nd place in the premier novice physique contest in the Bahamas. I now have my sights set on an even bigger physique contest in Miami, Florida later this year.

Thanks Tony,
