WHAT OUR CUSTOMERS ARE REPORTING ABOUT OUR NIGHT-TIME AND DAY-TIME FORMULA

Very easy to lose one stone

I lost 1 stone in 6 weeks using a combination of Amino-Or and Amino Energise and I feel great. I was not dieting. I just cut down and found it was easy.

Now 2 sizes smaller

My daughter started using Amino Or and Amino Energise a month ago. She is now two sizes smaller in her clothes and is delighted with herself. She is now able to fit into jeans she hasn't been able to fit into for three years. She wasn't dieting either.

I lost 32 lbs and 9" off my waist

OVER the past few years I noticed I was putting on weight. At the time the first picture was taken I weighed 16st 2lbs, my waist was 41 inches I ate three substantial meals a day and included the Energise with each meal and th Amino-Or I took before bedtime.

Now I have lost 32lbs and 9 inches off my waist. It feels great when some of my friends don't even recognise me, and when they do the look of surprise, and they all say "You look great, what have you been doing?" So, if you want to feel and look great try these food supplements. I can not recommend them enough. If only I knew before that it was so simple.

"Yes, these pants are mine! In three months I was totally transformed"

I Lost Three Stone

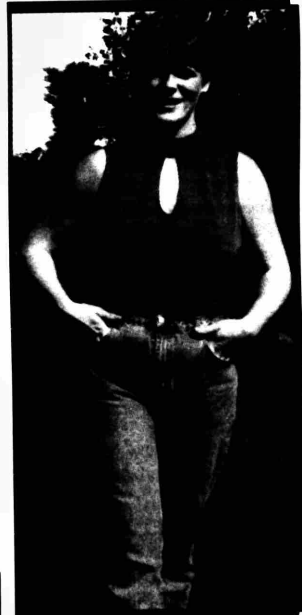

Just over a year ago I was 3 stone over weight. Over the years I had joined 7 gyms plus a slimming club but could never get the weight off.

I also tried virtually every slimming diet available. I just couldn't get results.

I went on the programme which included exercise, diet and the supplements Amino-Or and Amino-Energise. Everything was so easy to follow. I looked and felt great and I lost the fat in all the right places. I have reduced 3 sizes in my clothes and feel just wonderful. Thanks a million!-Bernie.

I lost 4 stone and have lots of energy

I DECIDED to go on a diet but I could not stick to it as I was hungry all the time and I had no energy at all.

I stuck on crash diets and lost about two stone but still had no energy. So in April I read about Tony Quinn and I said that I would try these tablets. When I got home I said to myself I will be twice as fat because you eat

three meals a day and on other diets I was not. When I started taking them I was 17 stone now I am 12 and a half stone. I have loads of energy. I can even dosit up's and 10 press up's I can't believe it. I would recommend them to anybody young and old alike my target to get to 10 and a half stone and I am determined to reach this by Christmas and I will not stop taking it.
